PROFILE

I am a passionate individual with a keen eye for digital design and a strong educational foundation in text and image processing. I hold a baccalaureate diploma and a professional license in the technical operation of text and image processing.

I am highly motivated and open to job opportunities, eager to utilize my skills, take on new challenges, and grow professionally. I am confident in my abilities and look forward to contributing to your company's success.

WORK EXPERIENCE

Graphic designer (DTP)

2024

DAISLER PRINT HOUSE

As a Graphic Designer, I created and reviewed visual materials for print production, ensuring they met industry standards such as bleed, cut lines, and safe zones. I worked with Adobe Illustrator, Photoshop, InDesign, and Acrobat to deliver high-quality, print-ready designs.

EDUCATION

Technical operator of text/image processing

2016 - 2020

Báthory István High School, Cluj-Napoca

I received my education at Báthory István High School, where I not only completed the standard baccalaureate curriculum but also learned about photo editing, text and image processing, publication design, and operating industrial printers. I was fortunate to have the opportunity to put my theoretical knowledge into practice at [Rottaprint](#), which allowed me to gain valuable hands-on experience in these fields. I am grateful for the comprehensive education I received at Báthory István High School, as it has prepared me for a successful career as a technical operator in the text and image processing industry.

Digital Media

2023-2026

Faculty of Political, Administrative and Communication Sciences, Cluj-Napoca

Currently, I am pursuing my studies at the Faculty of Political, Administrative, and Communication Sciences, specialising in the field of Digital Media. During my time here, I have been enriching my previously acquired knowledge, providing a solid foundation for obtaining my degree in 2026.

HOBBIES
